**Project:** Inspection - General Home (Home Inspector)

"George was on site when we arrived, he gave us a quick briefing of what he was going to do, and went to work. He was extremely thorough, and went over the house with a fine tooth comb. Once he was finished he again briefed us on what he saw, and alerted us to any and all problems big and small. He takes lots of pictures to put into the report so that I can see exactly what he is talking about. He also made himself available to answer any questions that I might have at any time in the future. I would recommend him to anybody that needs to get an inspection done.
